Keepers of the Past

MARKER BULLETIN

Important historical places & events are marked by plaques to honor and pay tribute to early settlers of "Deseret Territory. Markers teach our descendants & the public about the events, faith, courage, fortitude and patriotism of these stalwart pioneers.

THE MARKER CHAIRMAN IS RESPONSIBLE FOR MARKERS IN THEIR AREA

IF CAMP/CO. DOES NOT HAVE A MARKER CHAIRMAN – 1st V.P. ASSUMES RESPONSIBILITY.

STEPS TOWARDS A SUCCESSFUL MARKER APPLICATION

If you feel a marker is appropriate: ORGANIZE A COMMITTEE, SEND IN APPLICATION (form available: ISDUP.org or in president's packet. PLEASE INCLUDE: HISTORICAL INFORMATION, PHOTOGRAPHS, REFERENCES/NEWS COVERAGE, TENTATIVE SCRIPT, etc.

THINGS TO CONSIDER BEFORE SENDING IN AN APPLICATION

Is the subject important and relates to original Utah Pioneers, including those who arrived/or were born in Deseret or Utah Territory before May 20, 1869? Exceptions include colonization efforts. The history of the event or object must have occurred during the pioneer period of the community on or near the site where the monument will be located.

Will the location be readily accessible to the public? Will there be problems getting permission to put monument on planned location? Public/church locations are best, rather than on private property. A signed lease or written agreement is required from those responsible for the property.

Once application is received it will be reviewed; and if it meets appropriate criteria, it will be presented to the Executive Board for approval; after which, it will then be presented to ISDUP Board for approval. Your marker chairman will be notified if application is approved or declined.

Please include a "tentative" inscription with (historical data) that you want inscribed on the plaque (use #12 font, inscription can be 22 lines); double-check spelling: names/dates/facts! Interesting items should be included: names of first settlers, first school teacher, postmaster, or unique facts, etc. Do not assume facts or accept family legends, nor omit historical data that may/may not please your committee. Tentative script is subject to review: as to historical accuracy, spelling, punctuation/sentence structure/length. As soon as ISDUP receives application; we too, re-research for accuracy. You will receive ISDUP recommendations for the inscription. Review recommendations carefully, if acceptable, have three committee members sign the draft and return it. We'll send it to the manufacturer for layout; we will send you a draft that shows how the final plaque will look. This signed draft becomes our official record and signifies you accept the inscription/accuracy of the information. If there are errors discovered after the plaque is completed, the correction will involve a new plaque to be paid for by your camp/company, unless the printer is at fault.

Daughters of Utah Pioneers

APPLICATION FOR MARKER/PLAQUE

Information about Markers: Constitution and Bylaws, Section 6, Page 25.

DATE: _____

COMPANY OR CAMP: _____

CITY: _____ STATE: _____

Each blank must be completed as near as possible.
